

Who Can Apply

Enrollment preference is given to residents of Baltimore City. If your child is selected for enrollment, you will be asked to supply proofs of residency. If your child's application is selected in the lottery, a list of acceptable documents to prove residency will be provided to you.

Applications for students who live outside of Baltimore City will not be included in the enrollment lottery and will be placed at the end of the waiting list. If the pool of Baltimore City applicants is exhausted and a non-Baltimore City applicant is selected from the waiting list, tuition will apply.

Application must be made by custodial parents or legal guardians only. Enrollment Applications will not be accepted from siblings or any other non-custodial relatives or friends.
