A Note from Admin

Greetings families

We have a big week ahead of us as our School Effectiveness Review (SER) visit begins Monday! The purpose of this visit

The SER provides an objective and evidence-based analysis of how well a school is working to educate its students. It generates a layer of qualitative data that may not be revealed when evaluating a school solely on student performance outcomes. It also provides district and school-level staff with objective and useful information when making strategic decisions that impact student achievement.

In Spring 2024, our MCAP scores will count, our SER will take place, and all surveys, audits and data will be finalized.

During this visit the facilitators will speak with students, staff, teachers, families and school leaders to gain a complete understanding of our schools overall functioning. They will also be conducting classroom observations.

Be sure to check out the guidance for the solar eclipse event tomorrow:

Safety during a solar eclipse is important. Please review this information with your child(ren) to ensure safety at home:

- *Never look directly at the Sun, especially during a solar eclipse.*
- *It is dangerous to look directly at the Sun and can cause permanent damage to the eyes.*
- *Do not look at the Sun through sunglasses, telescope, or binoculars.*
